About *Women In Motion*, a Kering initiative**

*Women In Motion* aims to shine a light on women's contribution to the cinema industry, both in front of and behind the camera. Launched in May 2015 by Kering, a partner of the Festival de Cannes, *Women In Motion* is an integral part of the festival's official program and has extended its reach around the world through a series of events. In Cannes, *Women In Motion* rewards inspirational figures and talented young women with its Awards, and also offers cinema's leading female lights a chance to express their views on the representation of women - whether onscreen or within the industry in general - through its series of Talks. After more than 40 Talks and over 70 speakers, *Women In Motion* has become a platform of choice for helping to change mindsets, for celebrating the contributions of women who have made their mark on the movie industry, and for reflecting on the role and recognition given to women in cinema, culture and the arts.
